CAPTURE

CAPTURE AND UTILIZE YOUR INFORMATION

Leverage your business information, regardless of its format.

- **Electronic documents** – Efficiently import electronic information with simple manual or streamlined automatic importing options.

  Integrations allow seamless saving directly from third party software, including Microsoft® Office. The Microsoft® Exchange connector automatically secures and centralizes strategic e-mail communications.

- **Paper documents** – Scan and index directly from scanning devices. Automatically classify and extract data with advanced scanning solutions.

Feature Focus: THEREFORE™ FORMS

Quickly and intuitively capture data with Therefore™ Forms. Forms are easily designed and customized, and can be used either internally or on an external website. Forms make employee vacation requests, customer satisfaction surveys, and many other processes faster, smarter and more reliable.

A SECURE, DIGITAL REPOSITORY

Privacy by default. Privacy by design.

- **Access controls & permissions** – Only authorized users can access the system. Permissions on content can easily be defined for individual users or user groups.

- **Anti-tamper measures** – The system verifies the authenticity of documents each time they are retrieved.

- **Disaster recovery** – Automatic backup storage ensures your data can be recovered in case of drive failure.

THEREFORE™ enables GDPR COMPLIANCE

Therefore™ has been audited by independent third party experts who attest that Therefore™ enables clients to comply with the data protection requirements for software solutions as per the EU Data Protection Regulation (EU GDPR).

Retain

- Retention Policies

Feature Focus: THEREFORE™ CASE MANAGEMENT

Organize and manage related documents logically and intuitively! With Case Management, you can:

- Group interrelated documents for better visibility and faster retrieval.
- Open/close cases, link them to workflows and utilize retention policies for lifecycle management.
ACCESS

ACCESS YOUR INFORMATION ANYTIME, ANYWHERE

Information that moves with you!

- **Search** – Find based on a document's metadata or its contents, regardless of where it's saved in the system.

- **Access** – Access your information in the office, on the web, or with Therefore™ Go. Therefore™ Anywhere allows you to edit documents offline and re-synchronize them later.

- **Share** – Easily share information with those inside or outside of your organization. It's simple to export, e-mail, or share information from Therefore™!

Feature Focus: THEREFORE™ PORTAL

An efficient and secure way to share and receive information directly with external parties. Embed the Portal into your website and customize it to fit to the look and feel of your company. External parties can sign-on with secure login credentials and will only be able to view or upload documents that pertain to them.

How Therefore™ Helps

HUMAN RESOURCES

Streamline recruiting, onboarding and off-boarding processes; manage leave requests; keep employee records secure, confidential and easy to retrieve.

FINANCE

Optimize invoice processing with workflows and automatic linking; track approvals and payment records; automate payroll and integrate with existing ERP software.

MANUFACTURING

Securely store and quickly retrieve material certificates, SOPs and training records; automate product warranty registration; ensure all health and safety information is easily accessible.

CONTRACT MANAGEMENT

Automatic notifications for approaching expiry dates; ensure the correct contract is signed with version control; automatically manage contract e-signing processes.
CUSTOMER SERVICE

Easily group customer documents into digital binders; ensure the most current information is easily retrievable; inform customers instantly on the status of their orders or requests.

LOGISTICS

Digitize the approval of invoices, credit notes, and hauler payments; streamline customer invoicing and transport documentation; maintain a complete audit trail on all document actions.

OPERATIONS

Multi-site architecture, remote access options, and integration options allow coordination in disperse organizations. Analytic dashboards enable immediate reactivity to changes in operational metrics.

And that's just the beginning!

Therefore™ can be configured and customized to suit just about any departmental need or process, leading to streamlined operations, increased productivity, and higher customer satisfaction.
